Net Farm Expenses for the Year .....	4,528.91

The Meat Contract for the year was let to Mr. Harry Thompson, Vittoria, and the Bread Contract to Mr. George Butcher, Simcoe. Approximately 45 tons of Coal has been purchased to date.

The Fire Alarm System has been recently checked and conditions at the Home found to be in excellent condition.

We recommend that the 1954 Committee consider putting in fire retarding bulk heads in the attic of the Home and also panic hardware on all doors to help evacuate the inmates in case of fire.

All of which is respectfully submitted.

## **Report of Assessment Committee**

---

To the Warden and Members of the County Council of the County of Norfolk.

Gentlemen; We your Assessment Committee have held four meetings since the County Assessor reported to County Council on May 26, 1953.

During the month of August we visited farm properties in the Townships of Windham, Townsend, North Walsingham, South Walsingham and Middleton.

In October and November urban properties were reviewed in Delhi, Simcoe and Port Dover.

Your committee reviewed thirty rural properties and thirty urban properties. The committee was provided with copies of the appraisal cards showing the assessment and in most cases the sale price of the properties.

We recommend;—

- 1 — That a camera be purchased by the County Assessor's office to secure pictures of post card size of properties when necessary for use in assessment.
- 2 — That a review of urban land values be made by the County Assessor in conjunction with the Local Assessors.
- 3 — That a review of obsolescence allowances for urban buildings be made by the County Assessor in conjunction with the Local Assessors.

All of which is respectfully submitted.

## **Report of the Norfolk County Road System**

---

To the Warden and Members of the County Council of the County of Norfolk.

Gentlemen: Your Committee on County Roads begs leave to report as follows:

The various works specified in the estimates passed in the May session of the Council have been proceeded with except the two corners on Road 16 in the Township of Windham and the completion of the Connecting Link in the Village of Port Dover. Negotiations for the land on Road 16 are under consideration and if satisfactory arrangements can be made the work will be proceeded with.

The three Bridges have been completed, with the exception of the hand railing on the Bridge on Road 3, and the fill at the Bridge on Road 9.

Your Committee have inspected the Boundary Line Bridges and some of these need repairs, and construction of some of these will have to be considered in the near future.

All of which is respectfully submitted.
